## I can write my \#s 0-20!

## K.CC.A. 3

Write numbers from 0 to 20 . Represent a number of objects with a written numeral 0-20 (with 0 representing a count of no objects).

This assessment can be given whole group, small group, or individually.
Teacher tells student to write numerals $0-20$ in order starting from 0 . Students will write the numerals in the box. Digit position must be correct. Digits/Numerals written backwards are correct. For example, if a student writes 31 and the answer is 13 , then the answer is incorrect. If the answer is 3 and is written backward but in the correct digit position, the answer is correct.

Teacher can record results on Brookman Kindergarten Student Essential Skills Recording Sheet
Meets: 21
Approaching: 0-20
